Worry-free Cloud Accounting

*Perfect for Start-ups, micro and
small businesses.*

Simple, secure and affordable online accounting for start-ups, micro and small businesses

Sage Business Cloud Accounting offers an easy way to manage your business accounts online that supports entrepreneurs and small businesses.

Accessible 24/7, it allows you to grow your business and offers a simple way to get things done. With its intuitive interface, Sage Business Cloud Accounting really does make running your business a breeze.

Why choose Sage Business Cloud Accounting?

Flexible

Completely hosted online so you can access your accounting and financial software anywhere, anytime. All you need is an internet connection.

Secure

Because it's online your data is always secure. No back-ups needed. Plus our password encryption is world-class.

Support

Need a helping hand? No problem. Simply give our support team a call or send them an email and we'll help you for free.

Simple

Online accounting could not be simpler. Our software is written in easy to understand, everyday language – anyone can use it.

Collaborate

Collaboration with your accountant is a breeze. You and your accountant can work online on the same data at the same time. Help is always just a click away with Sage Business Cloud Accounting.

Affordable

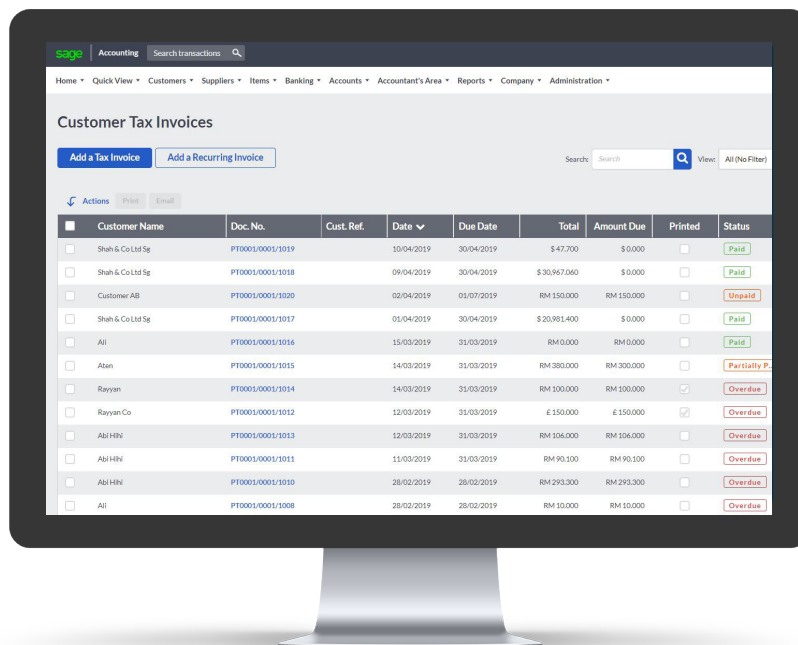

Spend as low as RM33 per month only to manage your business without hassle, save the money to drive.

Sage Accounting - the #1 champion
and supporter of Accountants and
Bookkeepers in small business globally.

Sage Business Cloud Accounting offers an easy way to manage your business accounts online that supports entrepreneurs and small businesses.

Why use Sage Business Cloud Accounting?

Simple invoicing and Expenses

Management Recording your expenses and invoices has never been easier! Our customisable professional invoices gives your company a professional image to impress your clients.

Track Business Performance

Utilize our selection of reports to help you to keep track of your business performance. Use the budgets feature to help you to compare your budget vs actuals.

Save 50% of your processing time

Cut your processing time in half by letting our program automatically allocate your banking transactions to the correct customer, supplier or account. All you need to do is review and then process.

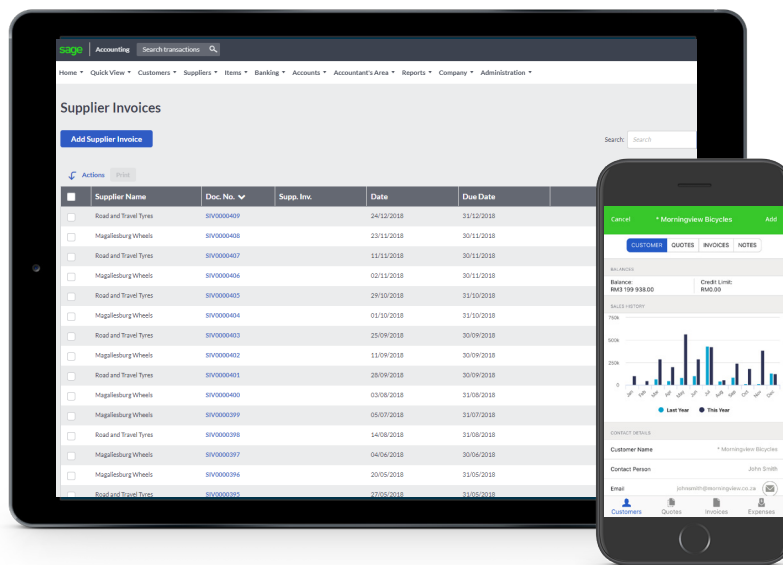

Connect with Your Bank

Say goodbye to re-keying payments and breeze through reconciliation routines by connecting Sage Business Cloud Accounting directly with your bank account. Watch your transactions flow seamlessly into your accounts as you simply confirm what you want to post or match.

Customisable Dashboards

Nothing is more important than knowing that your business is on the right track. With our customisable dashboards, you gain an instant understanding of how your business is performing anytime.

Additional usage of Sage Business Cloud Accounting

Managing Your Account

Managing your accounts have never been simple. From keeping track of your fixed asset to your inventory, Sage Business Cloud Accounting helps you to manage your accounts.

Running Your Business like a Pro

Grant your customer access to a whole new professional side of your business by enabling the Customer Zone. Your customers will be able to view invoices online, accept quotes and keep track of their purchase history with you.

Sage Business Cloud Accounting Mobile App

Access the product using the Sage Business Cloud Accounting App for free on your Apple and Android device. The Sage Business Cloud Accounting App allows you to easily record quotations, invoices and expenses on the go. Stuck in traffic? Record your expenses with your Accounting App and take a photo of your expense receipt which attaches it to the expense transaction for which your accountant will love you for.

Security You Can Trust

Have peace of mind with our world class security protocols keeping your security stored with us. Our strong audit trail and detailed user management security access allows you to control your users in Sage Business Cloud Accounting.
